

September 2019

About 50 million children returned to school this week, and nearly 20 million of them are getting free lunch!

The National School Lunch Act was passed in 1946 "as a measure of national security, to safeguard the health and well-being of the Nation's children." The current law expires this month. To keep funding going, Congress must reauthorize it before September 30th.

The number of children fed through the National School Lunch Program has expanded dramatically in the last few decades. This is partly due to the growing number of children living in poverty. In 2013, 21% of kids were [living in poverty](#) compared with 15% in 2000, according to the National Center for Education Statistics.

Walk to School

The 2019 Walk to School Day is October 2. As students are in back to school mode, it's a great time to think about planning such an event for the school community.

How to Walk, Bike or Wheel to School?

- Involve students of all abilities—students who can walk, bike or use a wheel chair.
- Plan for students who ride the bus to be dropped off 1-2 blocks away from the school. The principal or a designated school official can walk/wheel students to school.
- Survey the route to school for safe walking, biking or wheeling.
- Host events on the school grounds if the route to school is unsafe or inaccessible.
