BRIDGE ACADEMY SIBLING POLICY

When a student is accepted, that student's brothers or sisters may be admitted to The Bridge Academy as well. The brothers and sisters must live in the same house as the accepted student. In addition, all family members in grades 7 through 12 must be admitted at the same time. Therefore, if a seventh grader is admitted and they have an older brother in the 10th grade, then the 10th grader may also come to The Bridge Academy if they enter the school right away. If the 10th grader does not choose to enter at the same time as the 7th grader, then The Bridge Academy will not hold their spot.

Families of accepted students must list younger brothers and sisters on our admission paperwork. Students listed on the admission forms of an older brother or sister will be allowed admission when they are ready to enter the 7th grade as long as the older brother or sister is still attending The Bridge Academy. For example, if an admitted 7th grader has a sibling in the 5th grade, then the sibling will be allowed immediate admission when they reach the 7th grade as long as the older sibling is still enrolled. Parents should fill out an application for younger siblings to secure their seats, prior to becoming 7th graders.

Acceptances are contingent upon students meeting the following criteria.

Students entering grade 7:

Students must have a report card from their sending school that indicates they were promoted from the 6th grade to the 7th grade.

Students entering grade 8:

Students must have a report card from their sending school that indicates they were promoted from the 7th grade to the 8th grade.

Students entering grade 9:

Students must have a report card from their sending school that indicates they were promoted from the 8th grade to the 9th grade.

Students entering grade 10:

Students must have an official High School transcript that indicates they passed (credits were awarded in) all of their 9th grade classes. The Bridge Academy defines 9th grade classes as being English 9, Algebra 1, World Civilizations, Physical/General Science, Spanish 1(or another foreign language), and PE.

Students entering grade 11:

Students must have an official High School transcript that indicates they passed (credits were awarded in) all of their 9th & 10th grade classes. The Bridge Academy defines 9th grade classes as being English 9, Algebra 1, World Civilizations, Physical/General Science, Spanish 1(or another foreign language), and PE. The Bridge Academy defines 10th grade classes as being English 10, Geometry, Civics, Biology, and Spanish II (or two years of another foreign language).

Students entering grade 12:

Students must have an official High School transcript that indicates they passed (credits were awarded in) all of their 9th, 10th, & 11th grade classes. The Bridge Academy defines 9th grade classes as being English 9, Algebra 1, World Civilizations, Physical/General Science, Spanish 1(or another foreign language), and PE. The Bridge Academy defines 10th grade classes as being English 10, Geometry, Civics, Biology, and Spanish II (or two years of another foreign language). The Bridge Academy defines 11th grade classes as English 11, Algebra II, US History, and Chemistry.
